					* Additional costs apply.						
Complies with the minimum working distances, as indicated in the manual.					<b>YES</b>		The overall installation complies with the current regulations.				
					<b>NO</b>						

**SUBMISSION OF PHOTOGRAPHS OR ATTACHED DOCUMENTS.**

The submission of this commissioning document must be accompanied by photographs of the installation of the stove or boiler. In the case of a water boiler with several elements (tank, etc.) photographs of how they have been installed must be provided. The built-in ventilation grilles, installed according to the manual, must be seen on the built-in models. In the ductable models the air distribution grids must be appreciated.
